NUMBER 100

Ku Klux Klan Leader Will Go Before Congressional Committee On Oct. 11

Imperial Wizard Simmons Will Tell His Side Of Klan Affairs To Rules Committee Of Congress—Investigation Sought

Washington, D. C., October 3.—William J. Simmons, Imperial Wizard of the Ku Klux Klan, will be heard by the House Rules Committee on October 11th, when a decision will be reached on the request for a Congressional investigation of the Klan. Chairman Campbell of the Senate fixed the date and messages are being prepared to all persons who have filed requests for an investigation.

Simmons Wants Probe.

Simmons asked Congress to look into the affairs of the Klan, because he said, investigation would show that the organization was innocent of the charges made against it.

Campbell announced the date of the hearing after consulting Attorney General Daugherty, whose agents have been delving into the activities of the Klan.

Resolutions.

Three resolutions have been introduced by Congressmen for an investigation of the Klan. They are by Representative Dyer, Missouri; Tague, Massachusetts and Ryan, of New York. Action will be deferred until the Rules Committee hearings.

RESIDENTS OBJECT

Homey Dixon, the alleged moon-shine peddler, arrested by Clearfield police asleep in his buggy on Market street, was not from Bradford but from Boggs township, according to several Woodland citizens who called up 'The Progress office for the purpose of calling us down for charging one of their citizens with such a grievous crime.

They all said Woodland moon-shiners are too wide awake at all times to be caught asleep at the switch. We stand corrected and absolve Woodland and Bradford township for all blame this time, which appears to be properly chargeable to Stoneville and Boggs township.

Cancer of the Toe-Nail.

One of the rarest diseases known is cancer of the nail, only four cases being on record. The most recent one is described by Dr. Carlos Chagas of the medical college of Belo Horizonte, Brazil. It is that of a laborer, aged sixty, who had it on the nail of his right great toe. The toe was amputated and the man, apparently cured, disappeared. The toe was examined microscopically and confirmed the diagnosis.

SHERIFF SHOT BY KU KLUX KLAN IN SERIOUS SHAPE

Waco, Texas, October 3.—(By United News)—The condition of Sheriff Buchanan, Sheriff of McLennan and county, who was shot when he attempted to prevent a Ku Klux Klan parade at Lorena, 14 miles south of here, was reported Sunday to be critical.

Two of Sheriff Buchanan's deputies, Louis Crow and Carl West, an unidentified man, members of the Klan, were also wounded.

Shot in Sight of Thousands. The clash occurred Saturday night in the business section of the town in sight of several thousand who had assembled to watch the parade. The parade had been advertised but the Sheriff warned it might not be held. After some parleying the Klan leaders decided to proceed with their plans. When the fifty white robed figures began their march authorities intervened. A shot was fired and then a succession of shots. Buchanan fell wounded.

Rope From Milkweed Fiber.

The fiber of some species of milkweed has been used in making rope. The flint found in the pods, while fine and silky, lacks twist and cannot be used for spinning, but it has been used for stuffing pillows.

A Calico War.

One of the first Indian wars in the history of early Kansas is said to have originated because an agent sold some Indians a piece of calico with the stripes running the wrong way.

Conservatism

Conservatism is England's middle name. In some parts of London they still call the hours between 10 p. m. and 5 a. m., a custom cut over four centuries.

BRITISH TO NAME MEMBERS OF IRISH PEACE DELEGATION

Parley Is Expected To Continue In Effect For Several Months

London, England, October 3.—(By United News)—Returning to London according to his scheduled plans on Wednesday, Lloyd George will call a cabinet meeting Thursday at which the British representatives to the Irish Peace Conference probably will be elected.

Lloyd George As Chief

Undoubtedly Lloyd George himself will act as chief of the delegation although it is probable that he will not attend every session of the conference himself.

The meeting, at which a form of Dominion Home Rule satisfactory to Sinn Fein will be sought, is expected to continue for months, with several interludes to give opportunity to the Irish spokesmen to consult their colleagues in Dublin over various phases of the expected solution.

Preliminary Conference.

The initial discussion will take the form of a preliminary conference, in which the basis for an agreement will be sought and the final program to be presented to the British Parliament and Dail Eireann probably will not be completed before February.

Sinn Fein Prepares Demand.

It is reported the Sinn Fein leaders are preparing a demand for the immediate release of all prisoners of war which will be presented to Lloyd George at the outset of the London conference.

There is also a growing feeling that the Unionists in Southern Ireland are entitled to representation at London, and one of the first questions to be taken up by the parliamentary parley may be this.

WAVE OF INFANTILE PARALYSIS SWEEPS OVER ILLINOIS

Chicago, Illinois, October 3.—(By United News)—Illinois is being swept by a wild wave of infantile paralysis. Physicians say there is no cause for alarm, that the disease will disappear with the coming of cold weather.

GETS KITCHEN CABINET

Miss Fanny Hoffman, of Cherry street, held the lucky number which entitled her to the kitchen cabinet given away by the Rosser Furniture Company to visitors to their booth in the Exposition building at the fair.

GEN. PERSHING PAYL TRIBUTE TO UNKNOWN POILU

With Trembling Hands Pins Congressional Medal On Tomb

SCENE ONE OF DEEP EMOTION

President Of France Is Moved—Thanks Come In Choking Voice

Paris, France, October 3.—(By United News)—In the brief moment, when with trembling hands General John J. Pershing extracted from his pocket the Congressional Medal of Honor and pinned it above the tomb of France's unknown soldier at the Arc of Triumph, the American commander came back to the hearts of all Frenchmen as he came to them before at the Tomb of Lafayette. Ceremony Full of Emotion.

The ceremony was one of the most moving ever witnessed in this city of emotions. As General Pershing stepped back and saluted, the President of the Republic moved forward and in a choking voice thanked him in the name of the French people.

The Rhine headquarters band burst into the strains of the Marseillaise and a moment later the famous Garde de Republique followed the French national anthem with the Star Spangled Banner.

Four Marshalls of France stood by as Pershing paid his tribute to the poilu's heroism.

HARDING TO SEEK PASSAGE OF RAIL FUNDING BILL

May Also Ask Appropriations For State Road Building

Washington, D. C., October 3.—(By United News)—President Harding is expected within a short time to renew representation to Congress in behalf of the railroad funding bill, enactment of which is considered important in the administration program of reviving industry and reducing unemployment.

May Seek Road Funds.

At the same time the President is considering the advisability of asking further Federal appropriation to aid states in building roads with the object of providing employment.

Recommendations that both these steps be taken were made by the President's unemployment conference. Road building funds were formally urged. A resolution favoring passage of the funding bill was prepared and ready for submission has been withdrawn when serious opposition from the labor elements threatened, but leaders in the conference want the funding bill to become a law.

It would permit the railroads to receive several hundred million dollars which the government owes them, which, it is held, would stimulate all industry by reviving the purchasing power of the roads and reduce unemployment in many lines.

ENGLAND TO STEER CLEAR OF ALLIED DEBT QUESTION

London, England, October 3.—(By United News)—The British government has decided that as far as Great Britain is concerned there'll be no attempt to inject the question of the Allied indebtedness, to the United States into the Washington conference, it was learned from sources usually classed as reliable.

In spite of the fact a majority of the cabinet and public believe the debt question should be brought before the conference while many British economists urge that it should play a major part in the November discussion, the Foreign office holds to the view that the question rests solely with the Washington government and it would be unwise to introduce it except upon America's initiative.

Drunken Tailor Bites Chief Of Police Fighting Arrest

The police picked up three drunks and disorderlies Saturday afternoon about 5 o'clock. One fellow was loaded with Jamaica ginger, another had part of a quart jar of "raisin jack" in his pocket, while the third fellow had a jug of Boggs township moonshine under his belt. The "jakey" artist was Seigert, the tailor who has been giving the

police a lot of trouble the past year or two. He put up a battle on the way to the lockup and bit Chief Hitt on the leg and also sunk his teeth into the back of the Chief's hand. A charge of mayhem will be placed against Seigert today and he will be landed in jail again. He just completed a thirty day sentence a week or so ago for being a drunk and disorderly nuisance.

PATSY CARMELLA HOME DAMAGED BY DYNAMITE

Second Attempt At De- struction Of Caramella Property On Friday

Several months ago, following the raid on Patsy Caramella's poker joint underneath his Long avenue pool room in DuBois, the pool room was dynamited and damaged to the extent of several hundred dollars worth.

Friday night Caramella's home on "the float" at DuBois, was dynamited, the front porch of the same being literally demolished.

An extraordinary large charge of dynamite was exploded under the porch, but little damage resulted to the house and the fifteen inmates sleeping therein.

COMMERCIAL CLUB MEETING POSTPONED UNTIL THURSDAY

For reasons which will be fully explained in a notice to be sent out to all Commercial Club members today, the regular meeting called for this evening, has been postponed until Thursday evening at eight o'clock. Members of the Commercial Club will do well to set Thursday night aside for attendance at this special function.

LOCAL GIRL IS ON STAFF OF BUCKNELL COLLEGE YEARBOOK

Miss Vivian Livingston, of 488 Tenth street, is one of the staff in charge of the feature sections of the 1922 "L'Agenda," the yearbook published by the Junior Class of Bucknell University. Active work on the book has already begun under the direction of Harold C. McGraw, of Philadelphia, and the book will appear next spring.

WOMAN HIT BY CAR AT PARK GATE IS NOW IMPROVING

Mrs. Joseph Lansberry, of Merrill street, who was knocked down by an automobile at the Driving Park gate Friday evening, is getting along in a most satisfactory manner at the Clearfield Hospital, where she was taken immediately following the accident. Mrs. Lansberry was painfully cut and bruised, but no bones were broken and she was able to sit up yesterday. She certainly had a narrow escape from serious injury.

GAME WARDEN AIDS IN WEAPONROUNDUP

State Game Protector William J. Davis returned home today from Jefferson county, where he spent last week in company with ten or a dozen other Game Protectors making a round-up of Jefferson county aliens who possessed guns contrary to law. More than \$1,200 in fines were collected and several dozen guns and revolvers confiscated.

The Game Protectors also assisted the Sheriff of the county in making the biggest moonshine raid in the history of that county.

Miss Sarah Ward spent Saturday and Sunday in Altoona with her sister Mrs. Frank Mosebarger.

EAST END MAN PLEADS GUILTY TO MANSLAUGHTER

Frank Benedict, Who Slew Raymond Shaw At 'Burg, Sentenced

EIGHT TO TEN YEARS IN PEN

Blamed Crime On Drink—Shot Shaw Fol- lowing Argument

Frank Benedict, the East End man who shot and killed Raymond Shaw, of Blue Ball, at Philipsburg in June last, entered a plea to a charge of voluntary manslaughter before Judge Quigley at Bellefonte on Friday, and was sentenced to a term of not less than eight years nor more than ten years in the Western Penitentiary.

Blamed Drink.

Benedict claimed his crime on drink and said that he had visited Philipsburg hotels during the day of the murder and consumed twenty-two drinks of whisky and at least ten glasses of beer.

Benedict, who is about 25, has been a resident of Clearfield for the past ten or eleven years. He was a hard working man, but greatly addicted to drink. He was inoffensive, but about a month previous to the shooting, two men who had some difficulty with his brother, Joe Benedict, also of East End, called him from the boarding house at No. 2 Brick Works and attempted to kill him, shooting him in the arm. Following this occurrence he purchased a revolver and it was with this weapon Shaw was killed.

Benedict went to Philipsburg on the 1:15 Pennsylvania train on the day of the killing. He had some difficulty with Shaw in the Continental Hotel and going outside onto the street, Benedict waited until Shaw came out and shot him in the abdomen, inflicting a wound which caused death several hours later. Benedict was arrested by State Police near the scene of the crime and had been in jail at Bellefonte since that time.

Woodland Couple Pinched Saturday For Moonshining

Former Governor Beekman, of Rhode Island, has the inside track for the post of ambassador to Argentina.

VANDALS SLASH SEATS AT THE LIBERTY THEATRE

Some miscreant cut to ribbons the leather covers on five or six of the seats in the Liberty Theatre some time Saturday night last. Some few months ago several seats in this theatre were similarly slashed and the same fellow is thought to have pulled off both jobs.

Manager Driggs will make every effort to run the slasher down and offers \$25 reward for information that will lead to his arrest and conviction.

Constable Makes A Raid And Gathers In The Evidence

John Sabolsky and his wife were arrested at Woodland Saturday afternoon last by Constable William Jarger, charged with moonshining. When the officer descended on the Sabolsky home he found a part of a still, which he produced, along with other evidence, at a hearing before Squire John M. Bain. In default of bail, the defendants were committed to jail.

SUPREME COURT TO DECIDE ON POWER TO FIX RAIL RATES

Washington, D. C., October 3.—(By United News)—Decisions of far reaching importance face the United States Supreme Court upon its re-convention Monday after its summer recess.

Principal among these is the court's action on the rail rate case, which will decide whether the Esch-Cummings bill wipes out jurisdiction of state courts over many railroad problems and places it in the hands of Interstate Commerce Commission the power to fix interstate rail fare. The Interstate Commerce Commission interpreted the Esch-Cummings law to give it power to fix all fares. Every state railroad commission in the country filed suit before the court contesting this interpretation.

LOCAL SCHOOL TEACHERS FROLIC

The Clearfield School Directors gave a party Friday evening for all the teachers of Clearfield School in the gymnasium of the High school. Each of the school buildings gave a stunt for the entertainment of the rest. After the stunts were over a general reception was held with dancing, games and delicious refreshments.

Mr. H. S. Whitman, Jr., Vice President of the Clearfield National Bank, and Treasurer of the Clearfield Chapter of American Red Cross will represent Clearfield Chapter at the annual convention of the Red Cross to be held at Columbus, Ohio on October 4th.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Announcement was made Saturday forenoon of the death of Mrs. Hoopengartner, which occurred at the home of a daughter in Clearfield, after an illness covering a period of some months. Deceased had made her home in Curwensville for a number of years, the family coming here from Fulton county. The husband and father died some ten or twelve years ago. She is survived by a number of daughters, among whom are Mrs. John Middleton, Mrs. Samuel Leonard and several others residing in Curwensville. Her remains will be brought to this town and laid to rest in Oak Hill cemetery.

Mr. and Mrs. George Blair, Mrs. Thomas Evans and daughter, a son of George Blair and one or two other young folks, motored in from Warren, Ohio, Saturday and spent the Sabbath with relatives and friends, leaving Curwensville at an early hour Monday morning for their return trip. All were former residents of this town, but removed to Warren about two years ago.

The time of the month for Curwensville merchants to close their stores at six o'clock each evening and on Thursday afternoon each week, has expired. In interviewing several of the leading business men as to what plans for the future closing has been outlined for the winter months, we were told that nothing had been done as yet. Some were inclining to follow the old plan, while others seemed to think that it was not a good policy at this time of the year to continue the closing plan, but work out and adopt some other plan which would be equally as good and acceptable to the buying public. A meeting of the association will soon be held, at which time propositions for night closing will be discussed.

The game of football which was scheduled to take place between Osceola pigskinners and the High School squad of this place, was cancelled by the visitors. Interest in football in Curwensville is awakened to such a degree that the people were vastly disappointed when it was announced that there would be no game on Saturday. The Osceola contingent did not give our boys any valid reason for the cancellation only that they were not coming on Saturday, but hoped to come over and contest in a game in the near future.

Miss Pearl Rafferty, who has been in the Clearfield Hospital for several weeks, having been operated on for appendicitis, was brought to the home of Mr. and Mrs. Ralph Johnson, on Grampian Road Sunday. The operation was a successful one and she is now in a fair way to her usual robust health, much to the gratification of her many friends, both in Curwensville and Grampian.

Rev. Dr. Collins, pastor of the M. E. church here, delivered his famous lecture entitled "The House That Jack Built," at Hepburnia. There was a large crowd present, some of them coming so far as the headwaters of Curry Run. The entire audience was more than pleased and

\$25.00 REWARD

The undersigned will pay \$25.00 reward for information leading to arrest and conviction of the miscreant who slashed with a knife five or six of the seats in the Liberty Theater. The deed was done Saturday night. S. L. Driggs 10-2-2t ch.

ODDS AND ENDS AND THINGS

"By Skinny"

Secretary Herbert Hoover's unemployment conference appears to be working pretty fast. Upon assembling they immediately lopped a couple of millions off the estimated six million unemployed workers in the U. S. A. Now they have decided that the Mayors of the different cities of the county should put the remaining four million back to work. Verily, if you do not pass the buck, the same shall not be passed.

They are enforcing the "bone dry" law down in Summers county, West Virginia, but it is mighty hard on the county treasury. The county is not only broke, but it has a deficit of \$9,000, while the deficit is mounting to higher levels daily. It is all on account of prohibition, according to the county officials, who say they will keep the county dry if it bankrupts everybody.

"Weather makers" are at it again and all promise us a hard winter. They base their theories on the fur of animals, the height of weeds and many other of the old folks' superstitions or signs. Last Friday was "St. Michael's Day" and the old superstition has it that the wind on that day rules the weather for the coming winter, with the further qualification that should the wind on that day be from the northwest, the winter will be extremely severe. The wind, Friday morning came out of the northwest, so look out. It may or may not have a thing to do with it, but we sure do hang on to those old superstitions in regard to the most familiar things as well as the most unfamiliar, still linger, even in a scientific age like ours. What man of middle age cannot remember as a boy firmly believing that if he should touch a toad warts would grow on his fingers; that if he should dip a hair from a horse's tail into water it would become a water snake; that cobweb would stop the bleeding of a wound; that a stiff breast bone in a goose betokened a cold winter. Every countryman believes some of these and scores besides.

These superstitions are merely survivals of superstitions are merely seem to us mostly ridiculous, but which were once gravely accepted by everybody, even the most learned. How far back they go nobody knows. But Pliny, in his "Natural History," written in the first century of the Christian era, is full of them.

And all down through the centuries, especially through the Fifteenth and sixteenth centuries, there were scores of books which gathered and advanced such "wisdom" and they found a public way down into the eighteenth century. They find their way—these beliefs—into literature, and Shakespeare's plays are dotted through with examples of them.

We're off—to the denunciation how wows. At least that is what the noted French scientist, Dr. G. V.

edited and at the close of the address heartily congratulated the Dr. on his entertainment of them. The people evidently showed their appreciation, as the sale of tickets amounted to a trifle over \$102.00. The speaker was prevailed upon to return to that village at a near date and deliver another one of his lectures, which will no doubt be as interesting to the natives in and around Hepburnia as the one delivered one evening last week.

Miss Leah Hile, one of the teachers in the public schools of Lumber City, who has just passed through a severe attack of typhoid fever is feeling slowing and it will not be long now until she can assume her school duties once again.

The new and improved jitney bus put on the road and operated by Edwards' Brothers, is such an improvement over the old bus that people prefer to ride in it in preference to taking the train.

The Charlie Bowers Coal Company, operating at Lumber City, is about to resume operation once again after a lapse of a shut-down for several months. The Moshannon vein of coal will be worked entirely, which is located some feet higher than the coal seam opened up in 1920. A number of miners will be employed and work hustled along to its fullest extent. Mr. Charlie Bowers, of this place, is the superintendent and general manager of this mine, which is a sure guarantee that every man will get a square deal

LEITZINGER BROTHERS

De Laponge, of the University of Nancy, told the American Museum of Natural History. He says: "Man has reached the parting of the ways. He must choose path leading to a higher civilization or return to the barbarism of contemporaries of mammoths. A world painted drab by the war. The flower of the manhood of several nations wiped out or hopelessly invalidated, a dearth of minds competent to cope with the problems of today and little promise for a coming generation of higher intellects from the stock that is passing. This is the situation that science faces. Science must attempt with every

available resource to find a solution. "The least enriched classes, the remainder of the uncivilized people on the entire earth reproach the chosen ones for having created a stress far beyond the possibility of civilization which multiplies their desires far beyond the possibility of satisfying them. A great movement has begun among the inferior races and classes and this movement, which has the air of being turned against the whites, against the rich, is turned against the superior intellectual elements and against civilization itself. The war of classes is indeed the war of races."

A BAD "SEGAR"

It is pretty near time the Borough authorities should take the necessary action to rid this community of the presence of one Seigert, a drunken tailor who has caused the police no end of trouble for the past year or so and, when drinking, has been a general nuisance in the community. He was recently released from jail after serving a thirty day sentence for drunkenness, he has been an inmate of the hospital several times from the same cause during the past year. He is a tourist or "floater" and should be induced to "float" out of this community—he never will be missed. This persistent law violator bit Chief of Police Hitt several times while he was arresting him again on Saturday evening, and the necessary steps should be taken by the local authorities to rid the community of this man's presence.

The exposure of the Ku Klux Klan will stand as one of the many big public services performed by the modern newspaper. The New York World has spent thousands of dollars in gathering evidence in all parts of the United States, which when given to the great American public as a jury, was certain to convict before the court of public opinion. The Klan no doubt started out with the highest motives, but when its officers saw the tremendous power placed in their hands the financial benefits to be derived from the fomenting of racial and creed hatred, proved to be tempting.

Snow—Shove—Safe

This new shover type of snowplow is to be used by the Philadelphia & Reading R. R. in its annual battle to keep its tracks clear.

CATCHY MUSICAL COMEDY, "IRENE,"
AT THE DRIGGS THEATRE TONIGHT

Few, if any, of the attractions to be presented here this season come to us with a greater reputation or a stronger stamp of approval, than does "Irene" the musical comedy by James Montgomery, with music by Marry Tierney and lyric by Joseph McCarthy which its original producers will present at the Driggs Theatre tonight.

It is doubted if there is a person in the civilized world who has not heard its jingly tunes and melodies which have been the rage for the past three years, and its story is so well known one almost feels they are re-novating old acquaintances when the mention of its coming is announced, for they begin to either hum or whistle "Alice Blue Gown," "Irene," "Castle of Dreams," "To Be Worthy of You," "Skyrocket" or one of the other many big song hits.

the company's own symphony orchestra will add much value of the interpretation of Mr. Tierney's entrancing score.

LOCAL GRIDDERS OPEN SEASON WITH VICTORY

Clearfield High Noses Out Altoona High In Saturday Fray

By Dick Leipold
The Clearfield High School football squad opened the 1921 season here Saturday afternoon by nosing out the Altoona High School eleven 27 to 26, in a game that saw-sawed back and forth from start to finish. Although outweighing the Clearfield team, the Altoona gridders were forced to resort to aerial attack to score their four touchdowns, being unable to negotiate a safe passage through the line on mass plays.

Locals Hit Line Hard.
On the other hand, Clearfield High scored on end runs and massed tackle and guard plunges through the left side of the line. The visitors tallied their first touchdown in the first quarter, following it up with another in the second, but missing the last goal kick. Clearfield shoved two goals across in the second quarter and led 14 to 13 at the close of the first half.

Another clever 20 yard forward in the third quarter put Altoona in the lead. Clearfield again forged to the fore in the early part of the last quarter, but a long forward, Ullery to Burkett, set them back again. Clearfield scored the winning goal one minute from the end of the last quarter when Torrence, after fumbling behind his own line, recovered the ball and went around right end for the touchdown. With only one minute left to go the visitors tried desperately to get a winning forward pass over. After failing with two, which were intercepted, Burkett tossed one to Ullery for 38 yards, but the next two dropped (Continued On Page Five.)

KEYSTONE IS CARBONATED (HEATHMADE)

Heathmade Carbonated Process Patented

The Last Word in Pure Ice Cream!

FOR years we have prided ourselves in making ice cream of the purest ingredients we could secure. Now we have gone a big step further to safeguard those who buy our ice cream. We have secured the exclusive right to manufacture ice cream under the Heathmade patent process. A process which insures a super-pure ice cream.

100 Times Purer

Ordinarily ice cream is frozen in common atmosphere, the air you breathe, never perfectly pure. Under the Heathmade process ice cream is frozen in a 100% pure, germ-proof, sterile atmosphere, the same atmosphere used in carbonating water. It costs us a small fortune every year to add this safeguard to our ice cream, but it doesn't cost you any more.

And It Tastes Better

Carbonated ice cream is not only super-pure, but the carbonating brings out the delicate taste and aroma of the fruit juices and syrups used in flavoring, so that the ice cream tastes much better, more delicious.

Insist on getting our CARBONATED ICE CREAM, whether you buy a dish at the soda fountain or in bulk for home consumption. See that the children eat no other kind. Your dealer can get it.

BOTH PHONES

LOCAL GRIDDERS BEAT ALTOONA

Continued from Page Four

short and Clearfield emerged from the initial contest of the year victorious.

First Half

Altoona received the kickoff and advanced to midfield, where a fumble gave the ball to C. H. S. Clearfield's offensive started well, but an intercepted forward pass gave the ball to the visitors, who advanced to the Red and Black's 20 yard line, where they were held for 3 downs, without a gain, punting on the next play back of Clearfield's goal line. It was at this stage of the game that a Clearfield player grabbed the ball and attempted to run it back. This was the greatest "boner" on the part of Coach Crane's pupils during the entire game. The ball should not have been touched, then the referee would have brought it out to the 20 yard line, C. H. S.'s ball. This resulted in Clearfield's man being nailed by a Maroon and White clad player on the one yard line and on the next play Clearfield punted to Altoona, "Swede" Johnson kicking to the 19 yard line. On the next play Altoona shot a pass over the line of scrimmage into the waiting arms of their left end, scoring their first touchdown. Kick for goal made. Score Altoona, 7; C. H. S., 0.

Altoona kicked to C. H. S., "Hence" Johnson receiving the pigskin on the 30 yard line. "Hody" Johnson, who played a wonderful game at all time, tore through A. H. S.'s line for 10 yards. Torrence tried their end but was stopped, and "Hody" Johnson again gained first down as an off-tackle play, the quarter ending with C. H. S. in possession of the ball on the 50 yard line, score C. H. S., 0; A. H. S., 7.

Scott Norris pierced the city lads' left wing for 5 yards. Hody Johnson circled left end for first down; line back, no gain. On the next play Swede Johnson launched a pass to Torrence for a gain of 25 yards, playing the ball on Altoona's 10 yard line, first line. Altoona's defense tightened and it took C. H. S. four plays to push the ball across, Hody Johnson finding a hole for 3 yards, Scott Norris smashed through center for 5 more and Clearfield's fabled footed Captain, Torrence, swept around left wing for the local's first score. Swede Johnson kicked the goal, tying the game up.

Johnson kicked to Burkett, Clearfield forcing the mountain city team to punt, Ullery punting to the 50 yard line. Norris ripped off 5 yards through right tackle, C. H. S. being penalized for holding, but on the next play, a short pass, Johnson to Hody Johnson, for ten yards advancement, Hody Johnson receiving an injury on this play, John Howe taking his place. Norris again hit the line for a 5 yard gain and Torrence cut loose for 12 yards around left end. The ball was now on Altoona 15 yard line. Howe and Norris battered the tottering Maroon and White line for 8 yards and Torrence cut through the hole. Mann and Henderson opened for another five yards and Scotty Norris, with lowered head, plunged through the line for C. H. S.'s second score. Johnson again kicked goal. Score C. H. S., 14, A. H. S., 7.

Altoona received the kickoff and "Muckle" Moore, the lad from the Grampian hills, nailed the runner on

their 40 yard line. Altoona substituted Burkett for Irwin at left half and this diminutive half back's accurate passing enabled his team to keep in the running. Burkett, whose number was 5, was the best passer, in the writer's opinion, ever seen on the local field. He never threw the ball till he had his man spotted, when he would shoot the ball with uncanny accuracy to his teammates, Ullery and Crook being "sure fingered" in catching the passes. Two passes, Burkett to Crook, scored another touchdown. Kick missed. Score C. H. S., 14, A. H. S., 13.

Second Half

C. H. S. received and started on a steady march down the field, George Batchelor, who relieved Howe at half, gaining for the Red and Black twice with his brilliant field work, but a 10 yard penalty on the third down forced C. H. S. to punt. Jimmy Smith, the little flyweight end, cut down fullback Daly in his tracks. Quarterback Ullery again opened up their superb aerial attack, Burkett tossing two successful passes in a row, Clark and Ullery receiving them in the order named. Captain Ullery scored a touchdown. Kick missed. Score C. H. S., 14, A. H. S., 19.

Clearfield again received, Jimmy Smith catching the ball, but was tackled and knocked into student bleachers on the 40 yard-line. The local backs tore through Altoona's defense for 40 yards in six plays, holding the ball on their opponent's 22 yard line. An attempted drop kick sailed straight up in the air, Altoona nabbing the ball but were forced to punt, Batchelor receiving the ball on the 35 yard line.

Clearfield again started on an unyielding tread toward the Blair county machine's goal, the Red and Black men on both sides rending big holes in Altoona's defense, through which Clearfield's light but versatile backs slipped, Captain Torrence breaking loose again for a touchdown around left flank. Johnson kicked goal. Score C. H. S., 21, A. H. S., 19.

The Altoona boys were a scrappy bunch and refused to give up, and, with a whirlwind attack over head, scored on four plays, Ullery sailing a 0 yard gain, Jtemski, mbaigom a neat pass to left end. Crook for a 20 yard gain, he duplicated the play, but it failed, and on the next play a double pass, brought A. H. S. to the Red and Black's 6 yard line, when a pass from Burkett to Ullery scored again. Goal kicked, scored C. H. S., 21, A. H. S., 26.

With only a few minutes remaining to play, the local students took the ball from their own 35 yard line to Altoona's 15 yard line on straight football, where, on the fourth down Quarterback Johnson called a play through right tackle, Torrence back, Torrence fumbled and his interference got ahead, and things looked dark for C. H. S., but the nimble Torrence, quickly sensing the situation, scooped up the ball and 9 seconds it around left end, with a string of would-be tacklers stumbling.

Pasteurized!

What this term means to you and what it means in the safeguarding of your health will be explained to you in a series of advertisements starting on Wednesday.

This explanation will not be a technical jumble that will take an expert to understand, but it will be in plain English that can be understood and will make you realize just what care is taken here of the milk that comes to your table as pure as the driven snow every morning.

Watch for this series of advertisements. It will be educational.

Clearfield Dairy Co.

ing in his van.

In true story book style it was the team's captain that saved the day by scoring the winning touchdown. Clearfield's desperate defence broke up Altoona's well-timed passes and the game ended with the score at 27 to 26.

Seen On The Gridiron

By VAN

High School girls injected a little enthusiasm into an otherwise indifferent crowd Saturday afternoon by their "snake dance" on the grid between halves, and after the game.

Some little disturbance on the Clearfield bleachers was quickly squelched during the last half. It occurred when an Altoona rooster, from Clearfield county, persisted in trying to stir up something. He did.

Coch Crane's lads showed they have the stuff if it can only be brought out. While excellent on the offensive, they seemed bewildered when on the defensive and were obliged to chase down some of Burkett's deadly forwards.

That last forty seconds was

enough to make every Clearfield rooster wish for the closing whistle. The score was altogether too close for comfort.

Saturday's crowd was not as large as it could be. It is hoped that better support will be given the Clearfield High School eleven as the season progresses.

The left side of the local line was a stonewall and battering ram combined, but the right side is still a trifle weak.

HORSEMAN'S LEG BROKEN—JOINT BADLY SHATTERED

Charles Middagh, the horseman who was injured at the Driving Park during the fair when thrown from a sulkey by his horse falling, has a badly broken right leg. The leg is broken square off above the ankle, while the joint or socket at the ankle is broken or shattered into three pieces. While the end of the bone in front was driven into the socket. The leg has not been set yet on account of its condition.

Liberty Theatre Tonight

ADOLPH ZUKOR Presents
ELSIE FERGUSON

"THE WITNESS FOR THE DEFENSE"

Directed by GEORGE FITZMAURICE

By A. E. W. MASON

Scenario by OUIDA BERGERE

Merely a woman! What right had she to love, when by wedding the man of his choice she could bring her selfish father ease and wealth?

And so, stifling her dreams, yielding to "duty", she married a drunken beast.

Then, one day, they found her husband murdered in an Indian jungle. Who was guilty?

A story that sweeps through the heart in a storm of emotion. Touched with the spell of the East. Tender with young love and blossom time in England.

As a play, a nation-wide sensation. As a picture, a new and amazing revelation of the charm and dramatic genius of Elsie Ferguson.

It has the ingredients that will stop the cough and then go to the seat of the trouble and remove the makin's of the cough.

AUGHINBAUGH'S

THE NIGHTS ARE MORE CONDUCTIVE TO READING—HOW ABOUT YOUR EYES?

As the days get shorter and the evenings come that much faster you're going to read more. Then there's the coming election. What are you going to do? Plug along with as they are or you coming to get glasses?
